

Mid Hudson Food & Wine Society
2019 Scholarship Recipient

Aubrey Masters

Mid-Hudson Food and Wine Society Scholarship

Dear team from Mid-Hudson Food and Wine Society,

I am brimming with gratitude for having received such a generous offer. I am both humbled and gratified to have sparked your recognition with my entry. This is the first scholarship I have received, and this has opened many opportunities for me, as the road of paying off school loans seems a bit shorter and more manageable now, and other scholarships seem slightly more attainable. I can see further into the possible future now, a future where I can find success in serving my community delicious food. I hope to be able to one day travel and introduce myself to the cuisines and traditions of another country and apply that knowledge to my baking. I wish to be a teacher of my craft and I know that is not possible without first being taught. Opportunity for learning is a great gift which you have bestowed upon me, and for that I cannot thank you enough. To a prosperous future, with growth of our industry full of wonderful, enlightened people. Thank you once again for all that you have given. –

Sincerely,

Aubrey Masters
