Dear Mr. and Mrs. D'Angelo and the Mid-Hudson Food and Wine Society,

Thank you very much for the Mid Hudson Food & Wine Society scholarship. It's amazing to know that out of all of the students, I was chosen. This proves that all my hard work has paid off. The money will help greatly toward my college expenses.

So far, my college experience has been better than I imagined it would. I am learning so much and gaining valuable experiences for my future career. I am so grateful to be able to study a major I love, at such an amazing school. College tuition can become a lot to handle for students after graduating, but with this scholarship I am able to cut it down a little, stress less and enjoy my time in college. I look forward to seeing you at the CIA for dinner on January 17th.

Sincerely,

Kyla Wenzel
